

PROACTION

**ELIMINATE MOLD, MILDEW
BACTERIA, AND ALL ODORS -
KEEP THEM FROM COMING BACK**

WHAT IS PROACTION?

- √ Proaction is a GAS not a liquid or aerosol
- √ Proaction is the worlds only controlled slow release Chlorine Dioxide Gas (CLO₂)
- √ Proaction contains no harmful ingredients and is environmentally friendly.
- √ OSHA approved.

HOW DOES IT WORK?

- √ Proaction kills odor causing bacteria as well as mold and mildew.
- √ Proaction penetrates all porous and fiber based materials to get to the source of the problem and reaches all those hard to reach places where bacteria can grow.
- √ It's Easy to Use! Simply mix it into the dispensing sachet, hang it and leave it to work.
- √ No perfumes and masking agents.

Proaction comes in 3 release phases:

- √ ProAction: the 24 hour approach to eliminate the problem overnight.
- √ ProLong30: the 30 day release product that keeps the problem from returning.
- √ ProLong90: the slow release product. Ideal for long term storage, smaller spaces, and/or prolonged in-activity.
